SENIOR ASSIGNMENTS AT TLS LOGISTICS

TLS Logistics is getting prepared to close the first quarter with senior assignments.

TLS Logistics, one of the pioneers of the logistics industry since 2000, assigned Mr. Sinan Ünal as the Vice President of Forwarding Services and Mr. Ali Baykuş as the Vice President of Storage Services as of 1st March 2021 in line with the new management model aiming at an ever-changing, more effective and efficient sustainability.

Throughout his office at TLS Logistics since 2005, Mr. Sinan Ünal has taken several responsibilities under the roof of TLS Logistics and contributed substantially to growth and investment processes. With his extensive experience of 16 years in the company, Mr. Ünal will serve as the Vice President of inland transports of TLS Logistics in his new assignment. Mr. Sinan Ünal is married with 1 child.

Having graduated from Industrial Engineering in 2007, Mr. Ali Baykuş started his career at TLS Logistics and has served at different departments in storage services for 14 years. He has taken major responsibilities throughout his career within the scope of storage function and succeeded many important projects thanks to his innovative point of view. He will now serve as the Vice President of all storage activities of TLS Logistics in his new assignment. Mr. Ali Baykuş is married with 2 children.
